FOR IMMEDIATE RELEASE

JASE-W to Present on Zero Energy Buildings Dissemination and Policies in Japan and ASEAN at Building Green Conference

Makati City, Philippines - September 8, 2023 - The Philippine Green Building Council (PHILGBC) is pleased to announce that the Japanese Business Alliance for Smart Energy Worldwide (JASE-W) will deliver presentations on the current situation regarding Zero Energy Buildings (ZEB) dissemination and policies in Japan and ASEAN. Esteemed speakers Dr. Yoshitaka Ushio and Mr. Katsuhiko Yamamoto will address the audience at the 17th Annual Building Green Conference on September 28, 2023, at the Modala Resort in Bohol, Philippines.

JASE-W is recognized for its expertise in promoting smart energy solutions and sustainable practices worldwide. Dr. Yoshitaka Ushio and Mr. Katsuhiko Yamamoto, both distinguished representatives of JASE-W, will provide valuable insights into the advancements, challenges, and policy frameworks surrounding Zero Energy Buildings in Japan and the ASEAN region.

The presentation by JASE-W at the Building Green Conference contributes to the discussions on sustainable building practices, energy efficiency, and innovative solutions that reduce environmental impact. The integration of global insights and experiences strengthens the conference's objective of broadening knowledge and fostering collaboration within the green building community.

PHILGBC CEO and WorldGBC Vice Chair Christopher C. de la Cruz expressed his enthusiasm for JASE-W's involvement, stating, "We are honored to have the presence of JASE-W at the Building Green Conference. Their expertise and commitment to smart energy solutions align perfectly with our mission of driving sustainable practices in the building industry. We believe that their insights will greatly contribute to the ongoing efforts for a greener future."

The Building Green Conference attracts a diverse audience of industry professionals, policymakers, and sustainability advocates who are at the forefront of the green building movement. JASE-W's presentation will provide participants with valuable information on the progress and challenges of ZEB dissemination, facilitating discussions on potential collaborations and opportunities for knowledge exchange.

About PHILGBC:

The Philippine Green Building Council (PHILGBC) is a non-stock, non-profit organization that promotes the transformation of the built environment through sustainable practices. Established in 2007, PHILGBC seeks to be a united and influential national movement promoting green building practices towards mitigating climate change. As a member of the World Green Building Council, PHILGBC actively contributes to global efforts in creating a sustainable built environment.
